Disease Spread Over Whole Body-Face Was in Awful Condition-Itched So that Baby Could Not Sleep - Doctors and Home Remedies Failed - Mother in Despair.

CURED IN THREE WEEKS BY CUTICURA REMEDIES

"I take great pleasure in dropping you a line to tell you what a Godsend Cuticura Remedies were for my baby. He was suffering from that terrible torture, eczema. It was all over his body in patches, but the worst was on his face and head. His face was awfully bad; the eczema extended up to the lower eyelids and I was just about sick for fear it would get into his eyes before I got it stopped. He cried and scratched all the time and could not sleep night or day from scratching. I took him to the best doctors, and one of them said that he would keep the disease till he got all of his teeth; but if I had depended on the doctors. I guess my boy would have been laid at rest by this time. My friends told me to try many kinds of remedies, and I pestered the child to death with all the different things, but could see no improvement. Finally I got discouraged, and was just about to give up all hope of his ever getting cured, when I read about the wonderful Cuticura Remedies, which came just in time to save my baby from the terrible torture. I used Cuticura Soap and Cuticura Gintment, and gave him Cuticura Remedies, which came just in time to save my baby from the terrible torture. FRIDAY, THE THIRTEENTH.

Captain Whitlock Had No Prisoners by the Name of Lawson.

'This is Friday, the thirteenth, and nobody by the name of Lawson is locked up here to-day," said Captain Whitlock, who is something of a literary sleuth, when a reporter dropped in at the First Station last night. 'Indeed, it is peaceful. Have a chair.' Looking over the books, Captain Whitlock found that one of his prisoners was William Myers, charged with swiping a lot of old brick.

At the First Station there is a warrant, issued late yesterday, against T. C. Cross, charging him with robbing the Columbian shoe factory. In Police Court yesterday Cross went to jail for one years as a suspicious character,

I used Cuticura Soap and Cuticura Continent, and gave him Cuticura Continent, and I saw an improvement in three days, and in three weeks his skin was as clear as it could be. That was six or seven months ago, and I have not seen any return of the disease since. I should have written long ago, but I waited to see if it would return. I shall recommend the use of Cuticura from one end of the world to the other. Mrs. Maggle Smith, 314 W. Crosier St., Airon, O., July 24 and Aug.
